SEEDSMEN

WINDSOR, ONTARIO

SPECIAL NOTICE

WE HANDLE absolutely nothing that we do not believe to be the best obtainable. Our unequaled advantages for the production of the best seeds enable us to offer them to our customers at the lowest prices for which well grown and selected seeds true to name can be furnished. We do not claim to compete in prices with irresponsible and haphazard growers and dealers whose sole effort is to secure the lowest priced seeds regardless of quality; such seeds are not cheap, but dear at any price.

Cheap goods in our line should be resolutely shunned by all dealers who want to supply seeds that will satisfy and make money for the planters and gardeners who trust them with their orders. Our seeds have behind them a history of const ant success during the past fifty-five years and we continue to affirm—

The best is always the cheapest;
Reliable seeds cannot be afforded at half price.

☞We are not bound for any definite time or quantity by these prices and they are subject to advance without notice.

When postage is less than carriage by any other conveyance or when seeds are so ordered, they will be sent by mail; a charge of 5 cents per pound will be made for the pre-payment of postage on seeds and the necessary extra packing.

The prices are for delivery f. o. b. cars, Windsor, Ont., and do not include the cost of containers. When seamless cotton grain bags, boxes or barrels are necessary for safe transportation, such packages are charged at value and are not returnable.

These prices apply to quantities not less than ¼ pound or ¼ bushel; smaller quantities are furnished at higher rates.

TERMS **NET CASH, June 1st, 1911, without regard to date of purchase, or a discount of one per cent. per month for the unexpired time when paid before maturity. Field Peas, all Grass and Clover Seeds, Miscellaneous Farm Seeds and Bird Seeds, net cash 10 days, without any discount whatever. Cash or satisfactory references should accompany orders from unknown correspondents.**

We give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

D. M. FERRY & CO.

CABBAGE

For many years Cabbage Seed has been a leading specialty with us. Our cabbage seeds are all grown from approved stock seeds which are largely of our own development on our Oakview Stock Seed Farm; they are all grown under our personal inspection and supervision. There is none more reliable, none that can be more implicitly depended upon to give planters uniformly satisfactory results.

PEAS

Our own crops of garden peas were disastrously small last season as were those of practically all growers in this country and in all European countries where peas are grown. This results in our being unable to supply some varieties at all and others can be quoted only at very high prices. Because of our great acreage last summer we hope to be able to protect our customers upon such sorts as we are able to offer.

All smooth Peas, 60 lbs. per bu; all wrinkled Peas, 56 lbs. per bu.

SWEET PEAS

Each year we have an extensive trial of Sweet Peas at our Oakview Stock Seed Farm as well as special trials of forcing varieties under glass at our Experimental Gardens. We list only those varieties which are the best in their respective classes. Our experiments show that our mixtures are well balanced and unsurpassed and that all, with proper soil and care, will give splendid satisfaction. We have had in trial many novelties offered by seedsmen under various names. Many of these proved to be inferior to our standard sorts and others were not yet sufficiently fixed in type to warrant our listing them at present.

Our stocks are absolutely unsurpassed in selection, purity and vitality.

Our prices are reasonable, being lower than those of many smaller firms, but were we to charge twice as much the quality of the stocks **could not be improved.**

Extra Early Blanche Ferry and Earliest White, the earliest known varieties, with us have proven the most desirable for forcing indoors.

Sweet Peas 5c. per oz. unless otherwise stated.

Not less than one pound at pound rate.

SPENCER VARIETIES

The Spencer Types are of comparatively recent introduction. The flowers are of exceptionally large size, the standards and wings waved or frilled and the general effect remarkably graceful and attractive. Undoubtedly the finest Sweet Peas yet developed are found in this class. As yet the type is not well fixed in all the sorts offered as novelties, especially as regards color. Owing to their high breeding, a few varieties are only moderately free blooming. All Spencers are decidedly shy seeders, hence the price will doubtless always be considerably higher than for the older types. We offer on this page what we consider to be the best varieties yet introduced and we recommend them unreservedly.

TELEGRAPHIC CIPHER

By making use of the following Telegraphic words for weights and measures, together with the Telegraphic Cipher attached to each article in this list, our customers will be able to order by wire at trifling expense. The Telegraphic words for QUANTITIES must always PRECEDE the cipher words for Seeds, but if the same quantity of several articles is needed, the word for that quantity should be placed before the word for the first article only. For example:

"Freight Righter Lagrange, Lemhi, Lorain." Means "Ship by first freight Five Bushels each of Ferry's First and Best, Telephone and Champion of England Peas."

"Express Recanter Caddo, Cannon, Catoosa." Means "Send by first express Two Pounds each of Early Jersey Wakefield, Early Winnigstadt and D. M. Ferry & Co's Premium Late Flat Dutch Cabbage."
